

Disc-Lock™ HRD Loc-Nut - Data Sheet

Introduction

Disc-Lock™ 2-piece HRD Loc-Nuts are specifically designed for use with metric preloaded TCB bolts.

These Property Class 10 nuts and hardened washers are a direct replacement for HRD style nuts to enhance preloaded bolting assemblies in situations where extra security is required due to severe vibration or increased dynamic loading of the structure.

Installation & Removal

Install the HRD Loc-Nut using the usual Shear Wrench.
